TO THE VOTERS OF STRATHAM

The Board of Selectmen wish to take this opportunity to thank the citizens of the town for their foresight at the last town meeting in voting a new town office. Those of us that are charged with the every day chores of town affairs have found the convenience of having the needed room with a fire proof vault very convenient. The added file cabinets plus the viewer for the transfer cards and the copying machine are very handy.

We hope you have visited your new office, but if you haven't we extend to you a cordial invitation to do so.

Starting in April 1972 the Selectmen have voted to change our meeting nights from the 1st and 15th of each month to the 1st and 3rd Monday of each month at 7:30 P.M. You are always welcome to attend any of these meetings.

WARRANT
THE STATE OF NEW HAMPSHIRE
Town of Stratham

To the Inhabitants of the Town of Stratham in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Stratham on Tuesday, the 7th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. Do you approve of having two sessions for the annual town meeting in this town, the first session for choice of town officers elected by an official ballot and other action required to be inserted on said official ballot and the second session, on a date set by the selectmen, for transaction of other business?

ARTICLE 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

ARTICLE 4. To see if the Town will establish a five man recreation commission to be appointed by the selectmen as outlined in section 31:47 of the NHRSA.

ARTICLE 5. To see if the Town will raise and appropriate the sum of three thousand seven hundred dollars ($3,700.00) for the Recreation Commission.

ARTICLE 6. To see if the Town will raise and appropriate the sum of one thousand two hundred dollars ($1,200.00) for the purpose of buying a snow plow.

ARTICLE 7. ORDINANCE FOR THE CARE, PROTECTION, PRESERVATION AND USE OF THE PUBLIC CEMETERIES, PARKS, COMMONS, LIBRARIES AND OTHER PUBLIC INSTITUTIONS OF THE TOWN OF STRATHAM.

Purpose. It shall be the purpose of this ordinance to establish regulations for the use of town parks, lands premises to the end that they might be used in an orderly, safe and prudent manner to maximize beneficial use for the community.

1. **Littering.** No person shall discharge, deposit, dump or leave upon any town lands, buildings, structures or other property any trash, garbage, waste or refuse of any kind, or in any amount, except in receptacles or areas provided by the town for such purpose, nor shall any person deposit household or commercial trash, garbage, waste or refuse in receptacles provided at parks.

2. **Protection of Plant Life.** No person shall remove, cut, take, damage or destroy any plant, tree, vine, or flower of any kind

located on town lands or premises.

3. **Fires.** No person shall start or maintain any open fire on any town land and premises except in fireplaces provided by the town. This section shall not prohibit charcoal fires in receptacles designed for such use.

4. **Camping, Tenting, Etc.** No person shall maintain, use or occupy overnight any tent, trailer, motor vehicle, or other mobile or temporary shelter on any town lands or premises, nor shall any person camp, tent, dwell or sleep overnight on any town lands or premises.

5. **Snow Machines and Motor Vehicles.** No person shall operate any motor vehicle or snow machine upon town lands or premises except upon designated ways and parking lots, nor at speeds in excess of five (5) miles per hour. This section shall not preclude the operation of snow machines at speeds in excess of five (5) miles per hour upon trails designated for their use.

6. **Horses.** No person shall allow a horse under his care and charge to go upon the baseball diamond, ice skating area or paved portions of Stratham Hill Park.

7. **Organized Groups.** Organized groups may use the food building facility at Stratham Hill Park on a one-day basis upon obtaining a permit from the Selectmen. Non-resident groups shall be required to pay $50.00 for such permit, $25.00 of which shall be refunded if the premises are left in as good condition as they are found.

8. **Enforcement.** The Selectmen shall enforce this ordinance and have general supervision of the lands and premises of the town. The Selectmen are hereby authorized to make whatever additional regulations as are, in their judgement, desirable to carry out the purposes of this ordinance and to ensure the orderly, safe, beneficial and prudent use of the town lands and premises.

9. **Penalty.** Any person who violates any of the provisions of this ordinance may be removed forthwith from the town lands or premises where the offense occurred and upon conviction for such violation, shall be fined not less than twenty-five dollars ($25.00) nor more than one hundred dollars ($100.00).

10. **Severability Clause.** If any part of this ordinance is declared invalid, the remaining portion shall continue in full force and effect and shall be construed as being the entire ordinance.

ARTICLE 8. To see if the Town will vote to allow the Selectmen and the dump committee to survey the dump.

ARTICLE 9. To see if the Town will vote to allow the selectmen to negotiate with the selectmen of Exeter for sewage on Stoneybrook Lane.

ARTICLE 10. To see if the Town will vote to have the selectmen notify the Governor, the Highway Commissioner, and the Director of DRED in writing that we want Rt 1A, Ocean Boulevard, from Bracket Road in Rye to Wallis Sands in Rye kept open to traffic for now and evermore.

ARTICLE 11. To see if the Town will raise and appropriate five hundred dollars ($500.00) for maintaining parking area on the addition to the park.

ARTICLE 12. To see if the Town will allow the selectmen to appoint a committee to work with the Portsmouth 350th Anniversary Committee.

ARTICLE 13. To see if the Town will raise and appropriate the sum of five hundred dollars ($500.00) for markings for the new Cemetery.

ARTICLE 14. To see if the Town will vote to allow a 1% discount on such property taxes as are paid in full within 30 days from the day the Tax Warrant is committed to the Tax Collector, the date to be printed on the tax bill.

ARTICLE 15. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 16. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 15th day of February, in the year of our Lord nineteen hundred and seventy-two.

Richard G. Scamman
James Scamman
John A. Hutton
Selectmen of Stratham

A true copy of Warrant—Attest:
Richard G. Scamman
James Scamman
John A.Hutton
Selectmen of Stratham

It is planned to adjourn the discussion of the Warrant Articles until 8:00 P.M. March 14th.

WIGGIN MEMORIAL LIBRARY
1971 Yearly Report

1971 has been an extremely busy year at the Wiggin Memorial Library, a year full of change and improvements. The continued financial support from the town has enabled the library to carry on a full program with increased services to the community. As can be noted from our statistics, more people are borrowing books, more people are coming to see film programs, the classical record collection is being well-used and the contribution to the serious students, young and old has increased, as shown by the number of books borrowed from the State Library.

Many local organizations have made use of the exhibit space in the Library and are encouraged to do so. Programs of book reviews, films, and craft "how to do it" books have been supplied for local organizations and special groups. The film projector has also been used by many adult groups and by the Stratham Memorial School. A new adult service this past summer was a series of film programs on Monday evenings.

Children's services have included the usual monthly film programs; summer reading club, with 86 members, and the annual trip to the U.N.H. Children's Theatre in August; and a series of 8 film and story hours for young children during July and August. The fifth and sixth grades from Stratham Memorial School have visited the Library for orientation periods. Film programs have been taken to the Community Kindergarten to help acquaint the children with the Library.

New Children's services included a series of story and film programs for pre-schoolers during February and March, which were very well attended. Another series for the same age group was held in October and November. A new series of film programs for the "Middle Grades" was held this last July and August with an average attendance of 25.

Special activities were held during National Library Week in

the spring and during National Book Week in the fall.

The Children's Room in the basement of the Library is complete with the exception of shelving and furniture. Storage closets; space for back copies of magazines and for old books of historical interest have been completed. A new entrance into the basement, a furnace room and a closet for the water pump which serves the Fire House and Town Hall, as well as the Library have been constructed. Most of this work has been done by Nelson E. Barker with some help from Dana Dowling and Dick Batchelder. Paint has been contributed and volunteers painted the heating ducts and the floor. Curtains were made and donated so the room may be darkened for film programs. The Friends of the Library are working on various projects to raise money to carpet the area.

Cooperating with the New Hampshire Statewide Library Development Program, the Library served as host to one of the Southeast District Book Meetings in the spring. One or more representatives from the Library have attended 6 book meetings, 4 Advisory Council meetings, meetings of the N.H. Library Association, New England Library Association, and N.H. Friends of the Library Association. Attendance at these District and State meetings keep the staff aware of what is going on in the "Library World" and therefore better able to serve our local patrons and offer a well-rounded and up-to-date program.

Members of the Staff are available to aid local organizations in program planning, showing films, finding special materials and giving book talks. The Library is also cooperating with the Statewide Services to the Handicapped.

Thanks are extended to the "Friends of the Library", the "Unity Club" and the many individuals who have donated both time and money for the advancement of our Library. Special thanks also to the many organizations who give magazine subscriptions for the use and enjoyment of the townspeople.

REPORT OF BUILDING INSPECTOR

In 1971 your building inspector issued a total of 50 building permits — broken down as follows:

Single family homes	21
Multi-family dwellings	4
Total living units	15
Temporary trailers	2
Mobile Homes	2
Garages	6
Home additions	9
Barns	3
Commercial buildings	3
Other	21
Dwellings	29
Total Living Units	40

Permits issued represent an approximate construction value of $875,000.00

This shows nearly a 100% increase over the permits that were issued in 1970, which in turn were up 100% over 1969.

In attempting to evaluate the growth of Stratham, it is interesting to note that in 1969, permits were issued for nine dwelling units. In 1970, permits were issued for sixteen dwelling units. Whereas in 1971 permits were issued for Forty dwelling units.

Respectfully submitted,
Charles B. Nelson
Building Inspector

SOUTHEASTERN NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

SUMMARY

The Southeastern N. H. Regional Planning Commission had its start in 1969 when Greenland, Hampton, New Castle, Newington, Portsmouth and Rye voted to join and appropriate funds for its operation.

Today eleven of the eligible eighteen municipalities are contributing members. Three planning studies were completed during 1970 and early 1971 with the aid of consultants - an **Overall Program Design** plotting the course of planning work over the next several years; an **Initial Housing Element** outlining the extent of the housing needs of the region; and **Preliminary Planning Studies, 1970**, being a generalized compilation of existing plans for transportation, utilities, and land use.

On July 1, 1971, the Commission hired its first full-time employee, Planning Director Charles F. Tucker, formerly Assistant Planning Director with a similar agency in Connecticut, and established an office in the Exeter Town Office Building. The staff consists of Tucker; Otis Perry, Regional Planner; Ruth Grayson, Secretary-Bookkeeper; and Leon Cook, a student-intern from U.N.H.

The Commission's work program is divided into two elements: local planning assistance and regional planning per se. The regional planning is required by the federal government if the municipalities of the region are to be eligible for federal grants for sewer and water construction and open space acquisition - the lack of such planning having led to duplication of effort and waste of federal funds in the past. Under the regional planning program the Commission is now pursuing sewer and water studies, a solid waste disposal plan, and is detailing a land use plan in order to point out logical areas of cooperation and to maintain the eligibility of the region's municipalities for federal con-

struction funds.

The local planning assistance program is designed to put a professional planning staff on call to member municipalities for the kind of day to day advice and over the shoulder assistance that a town or city planner would give. None of the municipalities of the region except the City of Portsmouth have enough planning work to justify hiring their own professional planner on a full time basis. Under this program the staff has assisted the towns of Exeter, Hampton, Kensington, Rye, South Hampton and Stratham in drafting proposed warrant articles for the 1972 Town Meeting and has assisted the Planning Boards of these towns as well as several others in their planning programs.

Next year's program will involve continuation of planning for water supply, sewage disposal, and refuse disposal projects as well as coordination of municipal efforts toward construction of these needed facilities, assistance in the organization of new refuse disposal arrangements, open space planning, and local planning assistance.

Meetings of the Commission are held on the 2nd Thursday of each month except August in the Exeter Town Office Building and are open to the general public.

BRIEF OUTLINE OF 1971 ACTIVITIES

During 1971 the Seacoast Regional Development Association was active in promoting our wonderful section of the State of New Hampshire. In the spring our new Seacoast Region Guide was published and was very well received by all who saw it.

In July the Association had an exhibit at the Stratham Fair which was visited by many people from all over the country and was very well received. We were the only booth of our kind at the Fair.

Many varied requests have been received and answered by the Association, a partial listing being:

School children	78
Employment requests	26
Real Estate requests	57
Lodging requests (places found)	15
Salt Water Fishing & Boating	183 (separate from those sent with Guides)
Prospective residents	17

16,660 Guides have been distributed to such places as rest areas and toll booth information centers, Chambers of Commerce, Town Offices, Pease Air Force Base, vacation centers, recreation shows, auto clubs, travel services, advertising agencies, service organizations and business firms. Requests have been received from all 50 states and 17 foreign countries.

A Newsletter has been printed periodically and this practice will be continued.

Work is presently being done with several industries that are interested in locating in the area.

REPORT OF COMMITTEE FOR SOLID WASTE DISPOSAL

Committee members are:

The Selectmen
Richard G. Scammon, Chairman
James Scammon
John Hutton, Jr.
W. Douglas Scammon
Nelson E. Barker
Russell A. Granton

This committee has met twice during the past year.

We feel that our town dump under the supervision of Mr. Charles Hartson is much more orderly and better controlled than ever before.

With a gate, fence, and restricting it for use to Stratham residents only, it is now costing us about $2500.00 per year. Previously, without control or supervision it was costing us about $1500.00 to $1600.00, plus the cost of as many as seventeen calls for the fire department.

Certainly our new controls and Mr. Hartson's supervision have proven a wise investment.

At one of our meetings the committee tried in vain to establish definite boundry lines for the entire dump property and realized the need for a complete survey. This is very essential before we enter into the final phase of approved waste disposal.

The committee attended an all day meeting on December 16, 1971 in Concord where we received instruction and valuable information relative to all methods of all solid waste disposal.

It is the unanimous opinion of your committee that the most

practical and economical method for Stratham is the sanitary land fill method and that our present dump site may be converted to this method with the least expenditure.

In as much as we are not required by law to make any changes until 1975, we recommend that we have a land survey, find out just what we own, and lay plans for sanitary land fill by 1975.

Signed
Russell A. Granton, Secretary

SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Stratham qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the seventh of March, 1972, between the hours of 10:00 o'clock in the morning and 7:00 o'clock in the afternoon for the following purposes:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To choose an Auditor for the ensuing year.

Given under our hands at said Stratham this 16th day of February, 1972.

Robert E. Goodrich
W. Douglas Scamman, Jr.
Robert E. Corbin
School Board of Stratham

SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Stratham qualified to vote in Town affairs:

You are hereby notified to meet at the Memorial School in said District on Monday, the thirteenth of March, 1972, at eight o'clock in the afternoon to act on the following subjects:

1. To hear the reports of Agents, Auditors, Committees, or Officers hereto chosen and pass any vote relating thereto.

2. To see if the School District will vote to approve the operating responsibility for the Rockingham School for Special Children by School Supervisory Union No. 16 effective July 1, 1972, for the purpose of providing educational services for the handicapped students in each of the districts of School Supervisory Union No. 16.

The total operating costs of the school to be apportioned to the several sending towns on a per pupil basis formula as determined by the Joint Boards of the Union.

3. To see if the District will:

a. Approve the dual enrollment plan between the school district of Stratham and the St. Thomas Aquinas High School, said plan to be (see description of plan below) and which plan shall be administered by the school district of Dover, and further authorize the school board to sign necessary agreement to implement the program.

b. Authorize the school board of Stratham to assign certain students, who are residents of the district of Stratham to the dual enrollment classes administered by the district of Dover and further authorize the school board to make such contractual arrangements that may be necessary to implement said assignment of students.

c. Appropriate the sum of $738.00 for the payment of the cost of tuition incurred by the assignment of said students to the dual enrollment program administered by the district of Dover at St. Thomas Aquinas High School and to authorize the school board to apply for any grants under RSA 198:21, which funds will be credited to the district.

(Description of Plan - Educational offerings will be provided approximately 5 students at St. Thomas Aquinas High School for the school year 1972-73: Algebra, Math 9, Geometry, Biology, Advanced Biology, Physics, Electronics, Art and Physical Education.
The faculty will consist of an administrative staff and 8 1/5 teachers.)

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the District.

5. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

6. To transact any other business which may legally come before this meeting.

Given under our hand at said Stratham on this 16th day of February, 1972.

REPORT OF THE SCHOOL BOARD

The problems facing the School Board this year were somewhat different than normal.

The Board decided not to go along with a dual-enrollment plan involving the St. Michael's School, as we felt that the youngsters going to St. Michael's from Stratham could be absorbed into our local school without added cost.

A committee was formed by Supervisory Union 16 to look into the possibility of the Union taking over the operation of the Rockingham School. Each town in the Union was represented on the committee and had an active part in developing the recommendation that — The Rockingham School should come under the direction of Supervisory Union 16. With the passage of an appropriate article by each of the towns, the direction of the Rockingham School will be by Supervisory Union through its administrative staff.

We feel the attitude within and towards the school has improved considerably in recent years, a great deal of the credit has to go to our staff, which would include teachers, Aides, parents and Administrators who have given their time to help the students in the Stratham Memorial School.

The sending towns to the AREA schools do not have a vote, but they do have a voice. A representative of the sending towns attends as many of Exeter's Board Meetings as possible to keep abreast of the problems of the AREA schools and to ask questions and make suggestions. Hopefully this will be a two-way street and the Exeter Board will have a better feeling for the problems of the sending towns.

We have been fortunate in that there have not been any major housing developments, however homes are being built, consequently the school population is changing. So far we have been able to adjust within the school, but this will not always be possible.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The new school year began with a Union-wide faculty meeting at the Area Junior High School on Tuesday, September 7, 1971. Classes opened for instruction on Wednesday, September 8, 1971.

Stratham Memorial School opened the year with 211 pupils, an increase of 18 pupils over the beginning day of school a year ago. This represents a 9.3% increase compared with a 1.5% decrease a year ago.

Dual Enrollment arrangements between the St. Michael's School and the Exeter School District, followed by State Aid reductions and Stratham's decision to "go-it-alone" - - - resulted in approximately a dozen former St. Michael's pupils, grades 1 - 6, being assimilated into the Stratham School in September 1971. The recent decision to close St. Michael's in June, 1972, will have little effect on Stratham as the impact of change has already been felt.

A School Board representative from Stratham has been working with a Supervisory Union 16 study committee concerning the public operation of the Rockingham School for Special Children. The 1971 General Court, having made education mandatory for all handicapped children, has impressed upon all local school districts the obligation for identification, proper placement and appropriate education for all children capable of learning. This law gives new impetus to Supervisory Union 16 districts to cooperate in joint operation of the Rockingham School.

The State Legislature effected major cut-backs in the education budget for the biennium 1971-73. Financial aid in all categories were reduced by more than 50% for 1971-72. New Hampshire, which ranked 49th among the states in 1970-71 with 11% of local education expenditures reimbursed by the State, now ranks lowest in the nation with only 4% for local budgets financed by State Aid.

Unless some means of adequately and equitably financing local schools is found - - we shall soon see a significant decline in the quality and quantity of education relative to schools in other states more fortunate than our own.

The Principal, Mr. David Michaud, reports a smooth transition of leadership at Stratham Memorial School following departure of the former principal, Mr. David Matthews, to assume new duties in a larger principalship. Mr. Michaud would especially like to thank the people of the school district who have given so much of their time as library aides, teacher aides, art consultant, and aid to other events at school. The staff is presently in the process of setting up a reading resource center to assist with the individualized reading instruction; the P.T.A. is helping with this project.

There were six teachers new to the Memorial School in September 1971. All of these were replacements. A full time teacher-aide was employed at Grade 1 to assist with the overload of pupils. The present staff and their respective assignments are listed below:

Principal and Grade 6, Mr. David C. Michaud
Transition, Miss Linda Telles
Mrs. Anne Stevens
Grade 1, Mrs. Maxine Beairsto
Teacher Aide, Mrs. Karen Glidden
Grade 2, Miss Gail Kounelas
Grade 3, Mrs. Katherine Peabody
Grade 4, Miss Cathy Ann McManus
Grade 5, Miss Cathy Harris
Grade 5 & 6, Mrs. Joan Robinson
Grade 6, Miss Rose Ann Mercieri
School Nurse, Mrs. Virginia Holder
Physical Education, Mrs. Anna Pike
Music, Mrs. Sally Wool
Library Clerk—Secretary, Mrs. Elizabeth Batchelder

The tuition rates for 1972-73, as approved by the State

Department of Education and announced by the Exeter School Board, are:

Estimated per pupil cost for 1971-72	
Grades 9 - 12	$ 961.27
Rental charge	39.47
Total 1972-73 Area High School Tuition	$1,000.00

Estimated per pupil cost for 1971-72	
Grades 7 - 8	$ 756.72
Rental charge	37.07
Total 1972-73 Area Junior High School Tuition	$ 794.00

These estimated per pupil costs for 1971-72 are the basis for setting tuition rates for 1972-73 in accord with the AREA contract; a rental charge is added to make up the total tuition. The new tuition rates for 1972-73 compare with the state average per pupil costs of $896.00 per high school pupil and $799.00 per junior high school pupil, exclusive of rental charges. One should note that the state average is based on operating expenditures for all New Hampshire schools for the year 1970-71. This places the State costs 2 years in arrears of tuition year costs while Exeter costs upon which tuition is based are one year in arrears of tuition year costs. This is the first year since the advent of the AREA contract when tuition has declined at the Junior High School. The $82.00 increase in AREA High School tuition for 1972-73 represents the lowest annual increase in High School tuition during the past three years; previous increases have each year exceeded $100.00

It is with a feeling of loss that we consider the departure of Greenland from Supervisory Union 16, effective July 1, 1972, by order of the State Board. Greenland will become a part of the Portsmouth Union after many years of harmonious affiliation with Union 16. Our good wishes go with them in their new partnership for education.

Your attention is directed to the following reports and tables.

Edward A. Adamo

REPORT OF THE BUSINESS ADMINISTRATOR

I will preface my report by extending a welcome to the School District of Brentwood, which officially joined Supervisory Union No. 16 on July 1, 1971. Conversely, on July 1, 1972, the School District of Greenland will leave our Union to become a member of Supervisory Union No. 52 in Portsmouth. I know we will all miss our associations with the people of Greenland. I can truthfully say that I have always found the School Board, staff and citizens of Greenland to be a very fine and co-operative group with which to work.

The ever present problem of financing public education continues in the forefront of major concerns to us all. The severe reduction in state funding, coupled with steadily rising costs, makes the task of holding down budgetary increases an incredibly difficult one. Certain school districts in Union No. 16 which, in past years, have received welcomed assistance from the state in the form of payments from the foundation program, find themselves faced with the total loss of this support. Building aid, which has always been fully funded, was reduced nearly 50% this year. This is the first time since the start of this state support program in 1956-57, that the amount appropriated for the first year of the biennium has been insufficient for districts to receive their full entitlement.

Thus, school boards faced with increased expenditures now find their financial problems compounded dramatically by severe cuts in state assistance. I will not take the space here to enumerate solutions to this problem which have been put forth, except to say that it seems very clear to me that if we ever hope to give the property owner the relief he is so very much entitled to, we must urge those who set policy to set, as top priority, the fullest possible funding of existing state programs.

New Hampshire has a very fine foundation aid program, on the books. It is based on sound reasoning and, if properly financed, would take positive steps toward providing equality of education

statewide. However, this program, from its very inception, has never received proper funding.

Until we can be assured of reasonable state support, it seems clear that the property owner will continue to bear this crushing burden.

Hopefully, better days lie ahead.

In an effort to improve our efficiency in the Union Office and to better serve our school districts, we are continually searching for ways to refine our administrative procedures.

In line with this, I have committed a considerable amount of time this past year studying the application of data processing to our administrative functions. I am pleased to say that the Supervisory Union Board has given their approval to computerizing our entire Union payroll, utilizing the staff and facilities of Phillips Exeter Academy's data processing center. The administrative staff of the Academy has been most cooperative, and the costs involved for the type of service we will receive are extremely reasonable.

I am convinced that the conversion of our payrolls from a purely manual procedure to a mechanized process will result in reduced time and increased accuracy and efficiency. Further, it will provide the staff information regarding their pay and fringe benefits which has never been available to them before.

I am looking forward to our full conversion to this new procedure on July 1, 1972. I am hopeful that one year from now I can report to you very successful experience with the new system.

In closing, my sincere appreciation to the school boards, staffs, and citizens of our several school districts for their continued support and cooperation.

Daniel C. Durgin

REPORT OF TEACHER CONSULTANT

Because so much of my work pertains to the handling of our Federal Projects, I should like to devote my part of the report to these programs. We have Title I ESEA which currently has two projects operating in the Exeter area.

The first of these is the Transition Education Project which is in its third and final year. This has provided a year of special education for those children who were of first grade age, but have been found through testing to be immature and in need of a year of readiness before entering first grade. This program has been highly successful and many of the children in transition find themselves in the top 25% of their class in first grade when WITHOUT that added year prior to first grade they might have failed first grade - repeated the grade - and been a "problem" learner in future school years. Approximately 90 Exeter children have been in our Transition program in the past three years, and I feel this is an important and necessary phase of our school program even though Federal funding will cease this June.

The second Title I project deals with the establishment of a new Reading program for our schools. We have received a Federal grant which will allow us to use four different kinds of reading programs with selected students in the first grade. These pupils will continue with these programs in the second and third grades. Extensive testing and evaluation of the reading systems and their effects upon these students will take place. Eventually a special committee will analyze the results and determine the systems that appear best for our pupils.

Title II ESEA continues to have impact upon our libraries. Through Federal funding in the last three years nearly 6,000 new books have found their way into our school libraries. The current year will see nearly 2,000 new titles arriving in our schools, along with records, tapes, and filmstrips.

Title III NDEA is back this year with a sizable grant and the

various schools will have special mini-projects in Math, Social Studies, and Reading which will place new materials in the hands of students and pupils of Grades Two through Twelve.

All of the above titles require much planning, work, and Federal Government "mechanics" to obtain but the net results to students are well worth the time and effort of your teacher consultant.

REPORT OF SCHOOL HEALTH SERVICES

To the Superintendent of Schools:

As with all educational personnel, the requirements of the school nurse are ever changing and increasing along with societal changes and demands. Listed in annual reports of previous years are the routine health measures carried out under the supervision of the school nurse.

Beyond this a considerable investment of time and expense has been made to become certified in closely related fields in which, services for our towns, are non-existant. For the past three summers, training in special individual educational and psychological testing has been completed for certification, thus eliminating the economic burden and delay of seeking these services elsewhere. Courses in elementary guidance and counseling have been completed and N. H. certification was received in October, 1971.

Society is changing and so is the process of health and education. School Health services vary according to the particular school and community. What should be included in one system, might be overlapping in another. In most departments, we find that coverage must be extended to meet the needs of the individual child and attending personnel, and it is none the less so with School Health Services according to the special provisions of the area.

There are often necessary variations to the nurse's schedule due to dates for physical examinations and other programs dependant upon visiting personnel, plus the need for alternating hours to fit in with a double session.

On May 26, 1971, a meeting of School Board members, Superintendent Adamo, Dr. Tuthill and myself offered opportunity for open discussion and suggestions in reference to school health services. Request for teacher training in First Aid was

made - this to be the responsibility of the school nurse. As a result, following a special instructor's workshop during the summer, in Red Cross Multimedia First Aid, a course was organized and scheduled for teachers, principals and secretaries representative of all schools in my districts of Union No. 16. This course was directed by Mr. Robert Corbin and Mrs. Sherri Hanna of the Exeter Red Cross Chapter. We hope soon to have a modified course for Grades 5 and 6 children.

Another request was the elimination of all but most urgent travel. This has been conscientiously observed and we are grateful for the offer of school board members to supply transportation in emergency instances thus allowing the school nurse to remain at her post. A certain amount of travel, however, - the need for which must be weighed by the nurse - is essential in carrying out health services, particularly when school areas extend over a large territory.

Health education is an integral part of any school curriculum. Through education only can we expect returns from our efforts to establish good understanding and practices of health, hygiene, and safety among young people. We plan to make available interesting speakers, new films, filmstrips, publications, talking book machines and appropriate records, tapes and other aids ideally for use supplemental to special class units at a time when material will be most helpful. By request of Principals, scheduling can be arranged for actual classroom instruction by the school nurse in areas of health and safety.

Volunteer services are of increasing value throughout our schools. I am grateful for the continued cooperation of several very special people in my communities who have spent many hours screening and assisting in general, in the department. Without their contribution of time and effort our health service coverage would be sharply narrowed due to the wide area and enrollment for which we are responsible.

Parents are welcome and encouraged to visit the health office

for conference concerning any health related problem. Communication between principal, teachers, special education personnel, psychological services, school pediatricians, and school nurse are vital in promoting an effective team relationship. With all personnel working together, in cooperation with parents, progress can be faster and surer.

I wish to express my appreciation of the support of the school board, Dr. Adamo, Principal, David Michaud, members of the staff and our attending pediatricians for their interest and help during the past year.

Respectfully submitted,

Virginia D. Holder, R.N.

January 7, 1972
